

THURSDAY, MARCH 23, 2017

PROGRAM HIGHLIGHTS

Clinical neurology; anatomical based approach to localizing CNS disease.

- 7:30 - 8:00 Registration and Coffee
- 8:00 - 9:00 Vestibular disorders: Peripheral, petrous temporal and hyoid bone disease. Central equine protozoal encephalitis. *Dr. de Lahunta*
- 9:00 - 9:30 Coffee break. Visit our sponsors & exhibitors.
- 9:30 - 10:30 Cerebellar cortical abiotrophy, shivers. *Dr. de Lahunta*
- 10:30 - 11:30 Prosencephalic disorders: hepatic encephalopathy, narcolepsy-sleep disorders. *Dr. de Lahunta*
- 11:30 - 12:15 Sponsor presentations of new or interesting products.
- 12:15 - 1:00 Lunch by "Kitchen Chicks" & "The Myhre Minute".
- 1:00 - 2:30 Tetanus, Tetany, Myoclonus. *Dr. de Lahunta*
- 2:30 - 3:30 Laboratory tests for neurological disease including evaluating CBC, Chemistry, Fibrinogen, Serum Amyloid A, and serology. *Dr. Johnson*
- 3:30 - 4:00 Break
- 4:00 - 5:00 Clinical case lecture including an interesting case medley. *Dr. Johnson*
- 5:00 - 6:00 Cheese, wine, beer and hearty camaraderie!
- 6:00 Dinner at the Governor's Inn for those staying for Day 2.

We are looking for interesting neurological cases to share with your colleagues. Significant discounts will be issued to your clients.

FRIDAY, MARCH 24, 2017

PROGRAM HIGHLIGHTS

Clinical neurological anatomical based examination - A clinical approach to localizing central neurological disease with emphasis on clinical cases.

- 7:30 - 8:00 Registration and Coffee
- 8:00 - 9:00 Cervical radiographs - a neurologist's perspective. Current technology allows obtaining cervical radiographs readily, but their interpretation can be challenging. This presentation will provide a framework for cervical radiographs interpretation, and limitations. *Dr. Johnson*
- 9:00 - 9:30 Coffee break
- 9:30 - 10:30 Head shaking-where to start? Headshaking syndrome can be challenging to diagnose and manage. This presentation will cover recent developments in the diagnosis and treatment of head shakers. *Dr. Johnson*
- 10:30 - 11:30 Neurologic, lame, or both? Mild neurologic disease can be easily confused with orthopedic lameness, causing failure to meet performance expectations. This presentation will discuss ways to differentiate neurologic from musculoskeletal disease. *Dr. Johnson*
- 11:30 - 12:30 Lyme disease and neuroborreliosis-what do we know? Horses are often exposed to ticks infected with *Borrelia burgdorferi*, the causative agent of Lyme disease. Owners frequently ascribe their horses' clinical signs to Lyme, but how often is it really the cause? This presentation will summarize current knowledge regarding Lyme disease and neuroborreliosis in horses. *Dr. Johnson*
- 12:30 - 1:30 Lunch by "Kitchen Chicks"
- 1:30 - 3:00 Clinical case lecture and demonstration including history, clinical signs, and lab tests will be prescribed for each case. *Dr. Johnson*
- 3:00 - 3:30 Break
- 3:30 - 5:00 Clinical case lecture and demonstration including an "interesting case medley". *Dr. Johnson*

37th ANNUAL VETERINARIAN & TECHNICIAN CONFERENCE

March 23 & 24, 2017

REGISTRATION

Name: _____
Title: _____
Practice: _____
Billing Address: _____
City: _____
State: _____ Zip code: _____
Telephone: _____
Fax: _____
Email: _____

THURSDAY LECTURES

Veterinarians \$95

Technicians \$95 (*wait list pending availability*)

FRIDAY LECTURES AND WET LAB

Veterinarians with one technician \$185

BOTH DAYS: \$250

CREDIT CARD PAYMENT

Name on card: _____
Card number: _____
Exp date: _____ V Code: _____
Billing zip code: _____

CHECK PAYMENT

Payable to Myhre Equine Clinic
Check #: _____ Amount: _____

Mail to
Myhre Equine Clinic
100 Ten Rod Road, Rochester, NH 03867
Phone 603-335-4777
