GUEST SPEAKERS

Myra Barrett DVM, MS DACVR
Dr. Barrett earned her DVM from Colorado State University. After graduating, she completed a year long internship at Oakridge Equine Hospital, in Edmond, Oklahoma. Dr. Barrett underwent a non-conforming radiology residency in order to particularly focus on equine diagnostic imaging. The residency was based at Colorado State but included training with multiple equine imaging experts in the US and internationally. At the same time, Dr. Barrett obtained a master's degree through the Orthopaedic Research Center at CSU. After achieving diplomate status in the American College of Veterinary Radiology, she stayed on at CSU as a special appointment faculty and later accepted a position as a tenure-track assistant professor of radiology. Dr. Barrett is the head of the equine diagnostic imaging service at CSU, which includes all modalities of clinical diagnostic imaging of horses, as well as training of diagnostic imaging residents, equine diagnostic imaging interns and fellows and equine sports medicine residents. Dr. Barrett is also involved with canine sports medicine service to offer musculoskeletal ultrasound and MRI examinations of canine sports medicine patients. Dr. Barrett's primary research and clinical interests are equine musculoskeletal imaging and comparative imaging, and she works closely with the equine surgery and sports medicine services. In 2011, Dr. Barrett founded Inside Information Radiology, with her partner, Dr. Selberg and love the combination of private practice and academia. She has spoken at multiple large national meetings and is regularly involved in continuing education courses, including courses that draw an international audience. Dr. Barrett is dedicated to the advancement of the specialty of equine diagnostic imaging and is currently the president of the Large Animal Diagnostic Imaging Society, a subgroup of the American College of Veterinary Radiology. Outside of work, she enjoys biking, skiing, riding horses, and spending time with daughters Siena and Sydney and husband Dave.

Alexander “Sandy” de Lahunta DVM, Ph.D.
Dr. de Lahunta, or “Doctor D” as he is affectionately known, is a legend in the College of Veterinary Medicine. He has earned status as a scientist, an astute diagnostician, an exceptionally dedicated educator, and a valued mentor and friend to many. Few people have brought greater distinction to the College. Always a humble and hardworking man, (legendary for conducting 3am rounds), Dr. de Lahunta is internationally known as a pioneer and leader of veterinary neurology. He is equally well known as an anatomist. He has published five leading text books in these disciplines and is the author of 266 publications. Dr. De Lahunta is also renowned as an exceptional educator. Within the College he was four times the recipient of the Norden Distinguished Teacher award.
Thursday, March 29, 2018

Program Highlights
Dr. Myra Barrett will discuss radiographic topics from feet to DSP’s with case support and Dr. “Sandy” de Lahunta returns for a guest lecture on spinal vertebral disease.

7:30 - 8:00 Registration and Coffee
8:00 – 9:00 How you can improve your radiographic technique for high quality radiographs. Dr. Barrett
9:00 – 10:00 Anatomical neurological diagnosis of spinal cord disease. Dr. de Lahunta

10:00 – 10:30 Coffee break. Visit our sponsors & exhibitors.
10:30 – 11:30 Imaging of the cervical, thoracic, and lumbar spine. Dr. Barrett
11:30 – 12:00 Imaging of the equine skull in the field. Dr. Barrett
12:00 – 1:00 Lunch by “Kitchen Chicks” & sponsor presentations.
1:00 – 1:30 “The Myhre Minute” An eclectic collection of news and medicine/surgical case presentations. Dr. Myhre
1:30 – 2:30 Radiographic artifacts and variants that are often mistaken for abnormal pathology. Dr. Barrett
2:30 – 3:30 Imaging of the foot: radiographic techniques, ultrasound, and extended imaging. Dr. Barrett
3:30 – 4:00 Break
4:00 – 5:30 Interactive case presentations. Dr. Barrett
5:30 – 6:00 Cheese, wine, beer and hearty camaraderie!
6:00 Dinner at the Governor’s Inn for those staying for Day 2.

Friday, March 30, 2018

Program Highlights
Radiograph and ultrasound cases complimenting lectures and demonstrations of techniques and anatomy.

7:30 – 8:00 Registration and Coffee
8:00 – 9:00 Imaging of the pastern. Dr. Barrett
9:00 – 10:00 Imaging of the suspensory. Dr. Barrett
10:00 – 10:30 Coffee break
10:30 – 11:30 How to perform ultrasound guided procedures. Dr. Barrett
11:30 – 12:30 Lunch by “Kitchen Chicks”
12:30 – 1:30 Ultrasound lecture and lab of the suspensory and pastern. Dr. Barrett
1:30 – 2:30 Positioning lecture and lab. Dr. Barrett
2:30 – 3:00 Break
3:00 – 5:00 Ultrasound guided injections and biopsy lecture and lab. Cadaver limbs and preps will be utilized. Dr. Barrett

We are looking for interesting radiological cases to share with your colleagues. Significant discounts will be issued to your clients.
